

This agreement is between you and “we” (Herzberg Design Co). By installing or using the Font Software, you agree to these terms.

1. Grant of License

The Font Software is licensed, not sold. Upon full payment, we grant you a non-exclusive, non-transferable license to use the Font Software. This license covers all standard uses of the Font Software, including desktop, web, apps, and embedding, as outlined in this agreement.

2. License Scope (Company Size)

The license must be held by the legal entity using the Font Software. Designers, agencies, or contractors purchasing on behalf of a client must ensure the license is issued in the client's name.

A valid license is determined by the total number of people working for your company or organization, split into tiers:

1–3 | 4–10 | 11–25 | 26–50 | 51–100 | 101–150
151–200 | 201–300 | 301–400 | 401–500 | 501 – 750
751–1000 | 1001–1500 | 1501–2000 | 2001–2500

A license is valid for one legal entity. Groups of companies, holding structures, and organizations exceeding 2500 persons, must reach out for a custom enterprise license.

If your organization grows to exceed your license tier, no renewal is required.

The license has no expiration date and is valid worldwide.

3. Permitted Use

You may use the Font Software to create and distribute designs in any medium, including but not limited to:

- Logos and branding
- Print and digital materials
- Websites and apps

Embedding is permitted. You agree to take reasonable steps to prevent theft or misuse.

You may share the Font Software with contractors working on your behalf, provided use is limited to projects for your organization.

4. Restrictions

You may not:

- Sell, lease, sublicense, share, redistribute, or make the Font Software publicly accessible or available to third parties outside your organization.
- Modify, adapt, or reverse engineer the Font Software.
- Use the Font Software to create products intended to reproduce or distribute glyphs.
- Use the Font Software to make derivative works or train AI and machine learning systems.

Custom font modifications are available directly from Herzberg Design Co.

5. Termination

This license remains valid for as long as you comply with its terms. If you violate the agreement, your permission to use the Font Software ends until the issue is resolved or a valid license is obtained.

6. Unauthorized Use & Proof of License

Use of the Font Software without a valid license requires the purchase of an appropriate license. We reserve the right to pursue legal remedies for unlicensed use. You may be required to provide proof of purchase upon request.

7. Warranty & Liability

The Font Software is provided “as is,” without warranty. While we do not guarantee performance or compatibility across all environments, reasonable efforts will be made to address reported issues. We are not liable for any damages arising from the use or inability to use the Font Software.

8. Governing Law

This agreement is governed by the laws of the State of Louisiana, USA.
All rights not expressly granted under this agreement are reserved.
